Company Overview

Crafting Excellence for Generations
The Bespoke Builder

Our team of dedicated professionals, engineers, builders, architects, project managers, quantity surveyors, foremen, artisans, etc, combined with our skilled administrative and field operatives, form a cohesive unit that consistently delivers excellence

Our Vision & Mission

You can dream, create, design and build the most wonderful place in the world. But it requires people to make the dream a reality

— Walt Disney

Our Vision

To become a leading construction company in Nigeria, providing innovative solutions, and leaving a lasting legacy within our community.

Our Mission

We are dedicated to surpassing our clients' expectations by consistently delivering services that go above and beyond. We aspire to be the preferred choice for businesses seeking outstanding construction, renovation, and procurement services.

Core Values

These core values encapsulate our commitment to our mission and vision and, **“PRIME,”** will serve as a guiding principle for the organization.

P

Professionalism:

We conduct our business with the highest level of professionalism, maintaining the highest standards of ethics and integrity in all our interactions.

R

Responsibility:

We take responsibility for our actions and their impact on our clients, team, and community. We are committed to delivering on our promisesand being accountable for our work.

I

Innovation:

We embrace innovation in everything we do. We continually seek creative solutions, stay updated with industry trends, and apply the latest technologies to provide cutting-edge services.

M

Mission:

We are driven by our mission to exceed client expectations and leave a lasting legacy within our community. Our actions are aligned with our mission, and we consistently strive to achieve it.

E

Excellence:

We pursue excellence in every aspect of our work. Weare dedicated to delivering top quality services and exceeding industry standards in construction, renovation, project management, and procurement.

Statement Of Problem

In a rapidly evolving world, societal challenges and unmet needs often require innovative solutions. From decaying infrastructure due to lack of proper lasting maintenance culture to weak procurement processes and the demand for bespoke construction solutions, we explore these challenges, and the pivotal role Thane plays in offering bespoke solutions.

01

Infrastructure Decay

Thane International Services Ltd restores aging infrastructure through expert construction, rehabilitation, remodeling, and renewal services.

We revamp worn-out spaces to meet modern standards and support thriving communities.sustainably, and efficiently.

02

Inefficient Procurement

The challenge of acquiring essential equipment and machinery efficiently is a common problem for government institutions and businesses. Thane addresses this issue by providing top-notch procurement services, streamlining the process, and ensuring timely delivery of equipment.

03

Lack of Bespoke Construction

At Thane International Services Ltd, we go beyond one-size-fits-all solutions. Our bespoke construction services are designed to reflect each client's unique vision—delivering quality, precision, and personal attention in every project.

In summary, we are dedicated to solving critical societal problems related to infrastructure decay, inefficient procurement processes, and the need for tailor-made construction solutions. Through our core business focus tracks, we work towards creating positive change in the construction and procurement sectors while contributing to the betterment of our community and the wider society.

Business Focus

Our core operations at Thane Project encompass various aspects of construction, including designing, rehabilitation, renovation, revamping, reconstruction, and remodeling. We specialize in tailor-made construction projects that emphasize quality and attention to detail. Our experienced team of professionals is committed to becoming a profitable leader in commercial, retail, and residential real estate development.

Our core operations are driven by the following three tracks that define the heart of our business:

01 Construction Excellence:

We specialize in construction projects of various scales, from residential and commercial properties to infrastructure development. Our focus is on delivering tailor-made, high-quality construction solutions that are characterized by meticulous attention to detail. We aim to be a leader in the construction industry by consistently providing innovative and client-centered construction services.

Business Focus

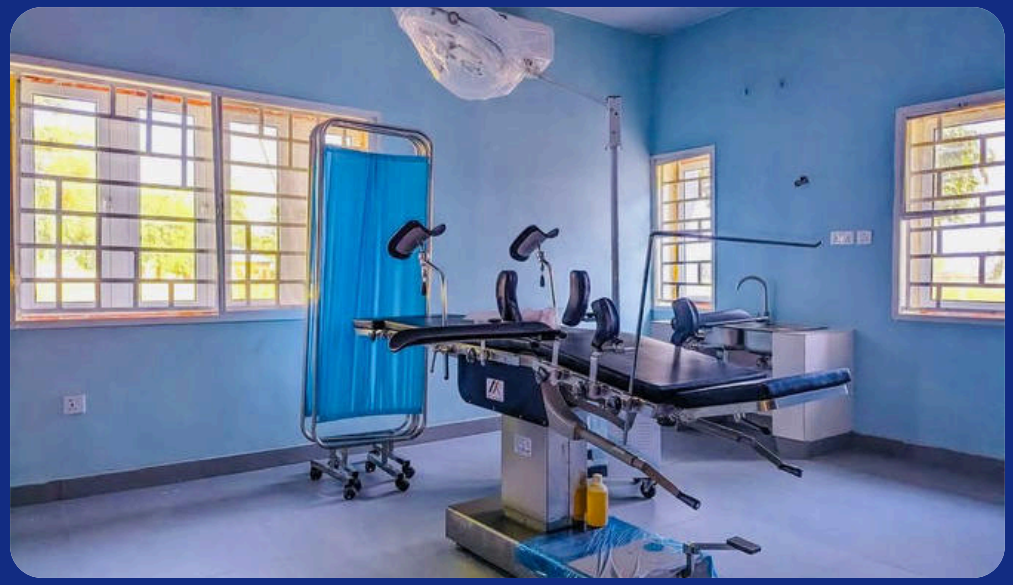

02 Renovation & Rehabilitation:

Thane International Services Ltd is committed to addressing the need for revitalizing existing structures. We specialize in rehabilitation, renovation, revamping, and reconstruction, breathing new life into old spaces. This track aims to solve the problem of deteriorating infrastructure and underutilized spaces by transforming them into modern, functional, and aesthetically pleasing environments.

03 Procurement Excellence:

Our procurement services cater to the diverse needs of government institutions, businesses, and organizations. We excel in sourcing, buying, expediting orders, and inspecting the manufacturing of equipment and machinery. By providing efficient procurement services, we address the problem of acquiring essential equipment and machinery while ensuring timely delivery and adherence to contract agreements.

Our Services

Design

We offer bespoke design solutions, ensuring that every project reflects the unique preferences of our clients while maintaining a high standard of quality.

Construction

Our experienced team excels in the construction of residential, commercial, and retail properties, as well as infrastructure projects like roads, bridges, and urban and rural houses.

Rehabilitation and Renovation

We revitalize existing structures to meet modern standards, ensuring that they are functional and aesthetically appealing.

Procurement Services

Our procurement unit is renowned for its ability to source equipment and machinery for a wide range of clients, including government institutions and private businesses.

Facility Management

Our facility management and maintenance team ensures that your property needs are met efficiently, allowing you to focus on other priorities.

Educational Foundation

Education serves as the cornerstone of personal growth and societal progress: empowering individuals, enriching communities, and laying the groundwork for a brighter, more sustainable future.

Our Traction

Over the years, we have earned a solid reputation in the industry. Our client portfolio includes private and public organizations, both locally and internationally. We have successfully completed numerous projects, gaining recognition for our commitment to quality and excellence.

Strategic Alliances

We collaborate with local and international firms of similar disciplines to provide a comprehensive range of services, including construction, design, and more. Our network of partners ensures that we have the expertise and resources to handle projects of varying complexities.

Our Commitment

At Thane International Services Ltd, we are committed to sustainability and the circular economy. We are dedicated to responsible business practices that reduce our environmental footprint while contributing to the well-being of our community.

Leadership Team

Awolaru Gbolahan
MSc. (Glasgow), MNIM Managing Director

AwolaruGbolahanisthedynamic force steering Thane International as the Visionary Managing Director. With a robust background in Project Management, Human Resources, Accounting, and Oil and Gas, Gbolahan is an influential leader renowned for his strategic vision and hands-on approach. Armed with an MSc, specializing in Oil & Gas from Glasgow Caledonian University, he has redefined leadership since assuming the position of Managing Director and CEO. Gbolahan's proficiency lies in cultivating client relationships, generating business opportunities, and ensuring unwavering customer satisfaction. A self-motivated professional with excellent communication skills and a penchant for challenges, he actively contributes to industry discourse, exemplified by his publication on "The Environmental Impact of Oil and Gas Exploration and Production." As an avid participant in seminars and conferences, including the SPE Offshore Europe Oil and Gas Conference, Gbolahan exemplifies his commitment to staying at the
forefront of industry trends. At the helm of Thane International Services Ltd, Gbolahan continues to drive excellence, emphasizing quality service delivery, client satisfaction, and an innovative approach to construction, renovation, project management, and procurement services. Serving as an Executive Director at Thane International Services

Awolaru Sekinat Oluwayemisi
MBA(Warwick), FCA, CFA Director

Serving as an Executive Director at Thane International Services Ltd, Awolaru Sekinat Oluwayemisi is a distinguished leader with a proven track record in finance and strategic management. With a prestigious MBA from the University of Warwick and her dual qualifications as a Chartered Accountant (FCA) and a Chartered Financial Analyst (CFA), Sekinat brings a wealth of financial acumen and expertise to the company. Her strong educational background and professional certifications make her an invaluable asset in guiding the company's financial strategies and decision-making. Sekinat's unwavering commitment to excellence and her ability to navigate the complex financial landscape contribute significantly to Thane International Services Ltd's ongoing growth and success. Her vision aligns with the company's mission of
delivering superior service and fostering long-term partnerships with clients and stakeholders, making her a key driving force behind the company's achievements.

Leadership Team

Engr. Bukunmi Oladimeji

MNSC, Head of Engineering

Engr. Bukunmi John Oladimeji, a registered and corporate member of the Nigerian Society of Engineers (NSE) and certified by the Council for the Regulation of Engineering in Nigeria (COREN), is a distinguished Civil Engineer with an extensive professional track record. His educational background includes a Bachelor's Degree in Civil Engineering, complemented by certificates in Project Management Standards and Health, Safety, and Environment. With a career spanning over a decade, Bukunmi has held key positions in renowned companies, contributing to major projects in engineering, design, and infrastructure development. Notable achievements include managing complex engineering projects, coordinating the design and supervision of various infrastructure components, and demonstrating exceptional skills in structural analysis and project management. Bukunmi's proficiency in various software tools, his commitment to engineering standards, and his membership in esteemed professional organizations make him a valuable asset to the industry. His dedication to planning and coordination has solidified his role as Head of Engineering at Thane International Services Limited, where he continues to drive excellence in the field of civil engineering and project management.

Engr. Sola Gbadebo
